

A Mistaken Marriage with Mr. CEO Novel

Chapter 36 To 40

Chapter 36 The Real Small Chapter ircle

He Yi Ning received Shen Qi's gaze, but did not give any instructions.

Shen Qi could only bite the bullet and say: "Sorry, I don't know."

"Puff ..." Wen Yi Bo suddenly couldn't help but laugh, "So interesting. I'm asking what you understand, and you're answering me that you don't know? "

Shen Qi's mouth opened and closed, and her face flushed red. She said uneasily: "I am just a small stylist. University specialties are all aesthetics, so I really do not know much about finance. If you don't understand, then don't interrupt. This is the most basic form of politeness. I'm sorry, I really can't answer your question. "

"stylist?" Wen Yi Bo's eyes lit up, and looked at He Yi Ning meaningfully.

"Yes." "Sorry, I know I shouldn't have ..." Before Shen Qi could finish his words, he stood up and prepared to leave.

But just as she stood up, He Yi Ning suddenly reached out and pressed his hand on Shen Qi's shoulder: "It's fine, we were just chatting, it's fine to sit down and listen. Anyway, the three of them won't mind. "

He Yi Ning's words successfully caused Wen Yi Bo, Fan Sheng and Fan Li to open their eyes wide at the same time.

What the hell!

Fan Sheng and Fan Li replied with beaming smiles at the same time, "Mn, we don't mind."

Only then did Shen Qi uneasily sit back down.

Fan Li looked at Shen Qi with bright eyes: "Your university's specialty is aesthetics? Is it oriental or western? "

"Uh, everything's fine." Shen Qi said a little embarrassedly: "Actually, when I was in my second year of university, I took some other subjects. "There's no other way. It's very difficult to get employed in a purely aesthetic field."

Fan Li stared fixedly at Shen Qi and said, "Actually, I also chose to cultivate in the field of aesthetics. My favorite novel is < Eastern Aesthetics > by fellow daoist today. "

Shen Qi's eyes suddenly lit up, as though she had found a close friend, and nodded with a smile: "Me too. While reading this "Eastern Aesthetics", I also have a lot of insights. Although people in our country are more inclined to the aesthetic of western aesthetics nowadays. But I really like the style of oriental aesthetics. Every single detail in the painting is impressive. "

He Yi Ning sat at the side, his phoenix eyes constantly resting on his face.

This was the first time He Yi Ning had seen Shen Qi's side erupt with brilliance.

It was the glow of self-confidence and pride.

It was the extraordinary Shen Qi.

The more Fan Li chatted with Shen Qi, the more they got to know each other.

The unease on Shen Qi's face gradually disappeared, and the moment she smiled and spoke was truly like a blooming spring flower, brilliant and fragrant.

A person wearing a mask of a smile and a smile from the bottom of his heart were two completely different feelings.

Shen Qi was already an exquisite beauty, her eyebrows were like a painting, just like a painting in ancient times.

When she smiled, it would bring with it a sense of intimacy that was as refreshing as the spring wind.

It could be said that she was a typical Oriental woman.

Seeing how Shen Qi had never smiled at him in such a way, yet was smiling so brilliantly at the Fan Li they had just met, the bottom of He Yi Ning's heart inexplicably became awkward.

"I said, the two of you had a nice chat today." He Yi Ning suddenly interrupted the conversation between the two. He studied finance and management, and really knew very little about aesthetic theory.

After Shen Qi heard this, she subconsciously stuck out her tongue at Fan Li.

Even an expert among the flowers could not help but be attracted by Shen Qi's gaze.

"I suddenly feel a little thirsty. Xiao Qi, go pour me a cup of water." He Yi Ning casually found an excuse, and the way he addressed her had already changed.

Shen Qi glanced at the cup in front of He Yi Ning, but the coffee did not move.

Shen Qi knew that He Yi Ning had purposely let him go, and immediately stood up and obediently answered: "Yes."

Looking at Shen Qi's leaving figure, Wen Yi Bo suddenly sat down beside He Yi Ning, and smiled craftily: "Are you serious?"

He Yi Ning calmly glanced at him: "What's real?"

Wen Yi Bo said with a thoughtful expression: "Weren't you always looking for your girl? "Could it be that she is?"

He Yi Ning denied it on the spot: "No."

"It's actually not ..." Wen Yi Bo looked at He Yi Ning with a ghastly expression: "Then what about Feng Ke Xin?"

He Yi Ning raised her eyebrows, his phoenix eyes slanted towards Wen Yi Bo: "What does it have to do with her?"

Wen Yi Bo shook his head and said: "Everyone in the world knows that Feng Ke Xin is chasing after you. With such a little beauty by your side, aren't you afraid of Feng Ke Xin going crazy? "

"It's not what you think." He Yi Ning inexplicably didn't want others to know the true relationship between them.

Just then, someone came in and reported, "Young Master, Miss Feng has arrived."

Wen Yi Bo could not help but straighten his body and say: "Aiyaya, you really came just like that! I'll see what you can do later. "

He Yi Ning's expression did not change, as though there was nothing that could move him.

Fan Sheng and Fan Li both nodded their heads in agreement.

In a short moment, Feng Ke Xin walked in gracefully on her twelve-centimeter high heels.

"Wen Yi Bo, why didn't you greet me when you returned from England? Fan Sheng, Fan Li, seriously, if I did not make a call, would you guys not plan to tell me about this gathering? " Feng Ke Xin laughed and spoke as he walked towards them.

Today, Feng Ke Xin was wearing a long fiery red dress, which made her look extremely sexy.

Coupled with her extremely delicate face, she was truly an infuriating beauty.

Wen Yi Bo could not help but whistle at Feng Ke Xin. Fan Sheng and Fan Li welcomed him with a smile at the same time.

Feng Ke Xin's gaze fell on He Yi Ning's body, a trace of unwillingness flashing past her eyes.

From the first time she saw this man, she was deeply infatuated with him.

She had been waiting for so many years!

"Yi Ning, you don't welcome me?" Feng Ke Xin took the initiative to sit at

the spot where Shen Qi was sitting just now.

Wen Yi Bo looked at the twins, and the both of them showed a helpless expression.

What Wen Yi Bo means is, why did you call Feng Ke Xin over?

The twins mean that we can't lie when she calls us!

He Yi Ning raised his long and narrow phoenix eyes slightly, coldly swept a glance over Feng Ke Xin, and said: "How could that be? This is Fan Sheng's and Fan Li's home, how can I not welcome it? "

Feng Ke Xin intentionally moved closer, and the distance between the two got closer and closer: "Then, your words mean that you wish for me to come as well?"

Just then, Shen Qi walked over with a cup of water in hand. "Director He, your water ..."

When Shen Qi raised her head, she saw that Feng Ke Xin was practically sticking to her body.

Feng Ke Xin raised her head upon hearing the voice, her gaze instantly focused on Shen Qi's face, her eyes instantly becoming cold, and spoke with a stiff tone: "It's you? Why are you here? "

Chapter 37 A slap in the face

After being scolded by Feng Ke Xin, Shen Qi was as though she was a little mouse exposed to the sunlight. She was so scared that the water in her cup became unsteady, and she fell onto the carpet.

Shen Qi hurriedly squatted down and apologized profusely, "Sorry, I'll go pour another cup ..."

He Yi Ning suddenly said: "No need, come over and sit."

Shen Qi immediately looked at Feng Ke Xin, and the back of her tongue felt bitter.

If he knew that Feng Ke Xin would come, he wouldn't have come no matter what!

What if she misunderstood?

Feng Ke Xin looked at Shen Qi with an even more terrifying gaze. Shen Qi felt as if his legs were nailed to a carpet and she was unable to move them no matter what.

Feng Ke Xin slowly straightened her body. Although there was a smile on her face, it did not reach her eyes. "Why is Miss Shen here? Wen Yi Bo, your new girlfriend? Or Fan Sheng, Fan Li your friends? "

Shen Qi really wanted to find a hole to hide in!

"Miss Feng, I'm not ..." Shen Qi was about to explain.

However, He Yi Ning opened his mouth and said: "She's my female companion today. What? Miss Feng has an objection? "

Feng Ke Xin's expression changed slightly.

Shen Qi's heart thumped loudly.

It's over, it's all over, I might really offend Feng Ke Xin this time.

If he offended the number one lady in H province, his career in H province would be ruined!

If no one else is looking for me to do the styling... How would he pay for his brother's treatment?

No, he had to think of a way to save them!

But without waiting for Shen Qi to explain, He Yi Ning suddenly said: "I'm sorry, I suddenly remembered that I have something to do, so I will be leaving first. Xiao Qi, let's go. "

Feng Ke Xin's gaze was like a blade, fiercely shooting towards Shen Qi.

Shen Qi helplessly stood there as she continuously shook his head.

Miss Feng, this really has nothing to do with me!

I really don't have any intention to seduce He Yi Ning!

Please believe me!

Unfortunately, Feng Ke Xin did not understand the look in Shen Qi's eyes, and instantly stood up and said: "I've just arrived, yet you want to leave? Ah, I suddenly remembered, I have something to discuss with Miss Shen. I wonder if Miss Shen is free? "

Shen Qi gently closed her eyes.

It's over, it's really over ...

He Yi Ning immediately looked towards Shen Qi.

Shen Qi bit her lips hard, gritted her teeth and said: "I'm sorry Director He, I suddenly remembered, I had an appointment with Miss Feng ... We're going

to meet. I... I... "I won't go back for now."

Seeing Shen Qi being so sensible, Feng Ke Xin revealed a smile that said she was determined to win.

Feng Ke Xin took the lead and walked inside, Shen Qi did not dare to look at He Yi Ning, and could only anxiously follow.

He Yi Ning's expression darkened as well.

Just as he was about to step forward, Wen Yi Bo hugged him immediately. "Yi Ning! If you don't have any intentions towards that Miss Shen, don't provoke her! Feng Ke Xin was the number one beauty in H Province. With his identity and status as a Feng Family, finding trouble with him was as easy as flipping his palm. It's not like you don't know what Feng Ke Xin is thinking of you, you can still piss her off! "

He Yi Ning stopped in his tracks.

What did he think of Shen Qi?

What could he think?

It was only because Shen Qi had a similar birthmark on her neck that he looked at her again.

He was not afraid of Feng Ke Xin.

It was just that Wen Yi Bo's words made sense, that he did not have any other intentions towards Shen Qi. It was just that he simply felt that this woman was different from the others, unlike the others who wanted to curry favor with him, and thus looked at her twice.

However, looking at Shen Qi's figure who followed Feng Ke Xin in, she felt so lonely and helpless, as though she could once again see the scene of her travelling by herself in the rain.

What happened to him?

Shen Qi followed Feng Ke Xin into the room. Without waiting for Shen Qi to explain herself, Feng Ke Xin raised her hand and slapped Shen Qi's face ruthlessly!

Pa — — Shen Qi felt a scorching pain on her left cheek in an instant, and a fishy iron taste entered her mouth.

Shen Qi didn't care about her wound as she explained in a low voice: "Miss Feng, you really misunderstood me. Even though I followed Director He here, there is no conflict at all between me and her."

Feng Ke Xin glared at him. "Really?"

"I dare to swear to the heavens, I definitely do not have any intentions of pestering Director He. I owe the Director He a lot of money and have no choice but to use my work to pay for it. Director He has promised me that as long as I accompany him to this occasion, he will forgive me the debts of two hundred thousand." Shen Qi said in a broken voice: "I am already married, I will only sleep with my husband. As for the other men, I will definitely not get involved with them!"

"Didn't I tell you to report every single movement of his body to me? What? Looking down on me? To defy the heavens? " Feng Ke Xin folded his arms across his chest and looked at Shen Qi. Relying on He Yi Ning, can you ignore my orders? "

"No. "I really didn't ..." Shen Qi tried his best to explain.

Suddenly, the door was kicked open, interrupting Shen Qi's words.

He Yi Ning's gaze fell on Shen Qi's face and his eyes instantly went black.

My man, he dares to fight? "

Feng Ke Xin's face suddenly changed!

What did he say? His people?

He Yi Ning had never said such a thing!

Shen Qi became even more desperate.

She had already suffered a slap and was about to explain what He Yi Ning was doing here!

If he completely offended Feng Ke Xin today, his career would really be finished!

He Yi Ning reached out and grabbed Shen Qi's wrist, then turned and walked out.

"He Yi Ning! "What do you mean?" Feng Ke Xin finally could not hold it in and roared at He Yi Ning.

"I am here to warn Miss Feng! There is no need to worry about Miss Feng for me. Miss Feng hit my people, are you not going to give me an explanation? " He Yi Ning coldly stood there, she calmly glanced back, her phoenix eyes filled with killing intent.

Feng Ke Xin had never seen such a terrifying He Yi Ning and couldn't help but take two steps back.

"Seeing the cooperation between He Family and myself, this is the only time, and also the last time. If Miss Feng dares to attack again the next time, I will

assume that Miss Feng wants to unilaterally break the contract between our two families. " He Yi Ning said with an ice-cold look in his eyes, "Do your best."

Throwing these words down, He Yi Ning pulled Shen Qi and left in large strides.

Feng Ke Xin looked at the figures of He Yi Ning and his back in disbelief, his mouth gaping wide open, unable to close for a long time.

This was the first time He Yi Ning came out for a woman.

It was also the first time he said such harsh words to a woman he was unrelated to!

What was this woman's relationship with him?

How could she let He Yi Ning do so many outrageous things for her?

She had liked He Yi Ning for so many years, how could she be cut off by an unknown woman?

No, absolutely not!

He Yi Ning could only be hers!

Chapter 38 domestic rice

He Yi Ning dragged Shen Qi and left in large strides, he did not even greet Wen Yi Bo, Fan Sheng and Fan Li.

Shen Qi only had enough time to wave his hand at them, and before he could even say a word, He Yi Ning stuffed him into the car.

He Yi Ning was truly angry.

The moment Shen Qi entered the room with Feng Ke Xin, his anger rose.

Wen Yi Bo hugged him tightly, but in the end, she could not stop him.

He Yi Ning had always held a near distance attitude of tolerance towards Feng Ke Xin, because He Family had many cooperative projects with him.

But this did not mean that Feng Ke Xin had the ability to be impudent in front of him!

How dare he hit someone from his side?

He Yi Ning's phoenix eyes grew deeper and deeper. The storm clouds in the depths of his eyes grew increasingly violent.

Suddenly, He Yi Ning fiercely stepped on the brakes, turning his head to glare at Shen Qi: "You want to go if she asks you to? Don't you know how to dodge when she hits you? You're quite smart in front of me, how did you become a piece of wood in front of others?"

Shen Qi bit her lips, not daring to make a sound.

He Yi Ning immediately reached out and caressed Shen Qi's face. Shen Qi immediately let out a soft hmph, evidently he had hurt her.

"You don't even know how to ask for help?" He Yi Ning looked at Shen Qi whose eyes were slightly red, and his anger grew even stronger: "You came with me, if there's anything I can help you with! You ..."

He Yi Ning wanted to reprimand her again, but seeing her eyes turn moist, he could not say anything further.

He angrily retracted his hand and continued driving.

He looked at Aston Martin, who seemed to have gone crazy. The four assistants behind him, he looked at them, he looked at them, he had no idea what was going on.

Forget it, let's wait and see.

He Yi Ning quickly drove back to the Jinghua Manor.

Upon entering, He Yi Ning had someone bring him the medicinal wine, and angrily threw it into Shen Qi's embrace.

"Thank you ..." Shen Qi bit his lips to express his thanks, and stood there obediently.

After watching He Yi Ning leave, Shen Qi dared to apply the medicine for him.

In the mirror, her cheeks were puffed up and there were clear five-fingered marks on them. At this moment, she looked like she was in a terrible situation.

Shen Qi sighed. Recently, she seemed to have been getting beaten up a lot ...

But what could she do?

He knew he was going to get beaten up, but he still had to go!

Otherwise, what about life?

Shen Qi quickly applied medicine on her face and placed the leftover medicine on the table.

His stomach suddenly growled.

It was only then that Shen Qi remembered that she was going to and Fan Li's place to eat.

In the end, such a thing happened before the food could even be served.

His stomach was already hungry, so He Yi Ning should be hungry as well, right?

Fortunately he had been saved by He Yi Ning, and he feared that he would have to suffer even more.

Forget it, in order to repay his gratitude, I'll make him some food. At the same time, I'll apologize to him as well.

Shen Qi thought for a while, then turned and asked the butler: "Excuse me, where is the kitchen?"

The butler immediately answered with a formal smile, "Turn right in front and then right again."

"Director He didn't eat anything this afternoon. I'll go cook something for him." Shen Qi explained.

The butler nodded his head in understanding, and after Shen Qi left, she immediately passed the news on to He Yi Ning.

When He Yi Ning heard that Shen Qi had actually run to the kitchen to cook lunch for him, the storm clouds in her eyes dissipated a little and she said casually: "Let her do it."

With He Yi Ning's permission, the butler ordered the people in the kitchen to help Shen Qi prepare lunch at CEO.

After He Yi Ning's anger slowly dissipated, he also felt a little hungry.

Recalling that there was a stupid woman downstairs who claimed to cook for him, he immediately went downstairs to see what kind of food she could prepare.

As soon as he entered the restaurant, he heard a light song floating in the air: "The black sky is low and the stars are bright. Bug fly, bug fly, who are you thinking about? The stars in the sky cry, the roses on the ground wither, cold wind, cold wind, as long as you accompany. "The insects fly, the flowers sleep, and one pair after another, the beautiful ones will be beautiful. The insects fly, and the flowers sleep, and one pair after another, the beautiful ones would be beautiful.

He Yi Ning stopped in his tracks.

He rushed into the dining hall in the next second and blurted out, "Little thing, you ..."

The following words came to an abrupt end.

In the dining hall, only Shen Qi was present.

It wasn't her ...

It really wasn't her ...

Even if she could sing this song...

Hearing the footsteps, Shen Qi turned her head and coincidentally met with He Yi Ning's disappointed eyes.

Was he so disappointed because the person who had prepared his lunch was not the person he was waiting for?

"Director He, lunch is ready. It's time to eat. " Shen Qi bit her lips and looked at He Yi Ning with a slightly uneasy expression.

He Yi Ning's face instantly recovered back to normal, as if the person who lost control of himself was not him.

He Yi Ning came to the dining table, lowered his head and looked at the common dishes on the table, his phoenix eyes slightly raised.

Honestly speaking, the most skilled chef under his command was able to produce food that was a hundred times better than the food on this table.

The butler pulled up a chair for He Yi Ning. The moment He Yi Ning sat down, Shen Qi became a little embarrassed.

There was an idiom called "a beauty to eat with."

Compared to the table of ordinary dishes, He Yi Ning was even more handsome.

Shen Qi said hesitantly: "If you don't like it, then throw it all out ..."

He Yi Ning lightly glanced at Shen Qi, and said: "Sit down. Sit down and eat together. "

He took the chopsticks that the butler respectfully handed to him, picked up a

piece of the chopstick and put it in his mouth.

After chewing for a bit, He Yi Ning's beautiful eyebrows pressed down: It's not good enough, but it's not bad. "

Shen Qi gritted her teeth and said, "I'm not used to using the kitchen utensils here. "If you don't believe me, come to my place another day and I'll make you something to eat ..."

"Sure." He Yi Ning nodded in agreement without even thinking.

Shen Qi almost bit her tongue off!

I was just being polite, but he actually agreed to it?

Why did he have to say so much!

Seeing Shen Qi's dumbstruck expression, He Yi Ning's mood instantly improved by a lot.

Even if it was the worst kind of food, it seemed to have become much more delicious.

He Yi Ning ate very quickly, but it was graceful enough so one could not find any flaw.

Shen Qi held the bowl in her hands and continued eating.

Suddenly, a pair of chopsticks with a piece of ribs slipped into Shen Qi's bowl.

Shen Qi blankly raised her head and looked at He Yi Ning.

"For today's matters, I am somewhat responsible. That's why I don't understand why you were standing there and getting beaten up. " When He Yi Ning's gaze landed on Shen Qi's face, although he was still unhappy, his attitude had already eased up a lot.

Shen Qi replied indifferently: "I am a stylist, and this business inevitably involves dealing with young masters and famous ladies. "If I offend the first lady, how am I going to survive in this circle in the future?"

He Yi Ning raised his eyebrows. "Is it just because of this?"

Chapter 39 Exclusive stylist

Shen Qi answered boldly and confidently: "That's right! As long as I pay off your debt, I have nothing to do with you. Of course, I want to continue to do other people's modeling, to serve others. If Feng Ke Xin wants to ban me, in the whole province, who would dare to use me as a shape? "

"So, you were just foolishly standing there and getting beaten up?" He Yi Ning was immediately amused.

This was the funniest thing he had ever heard.

Shen Qi actually nodded her head.

"Speaking of which, do you know what it means to be the companion of He's Consortium?" He Yi Ning put down his chopsticks and looked at Shen Qi with a smile that was not a smile.

Shen Qi was at a loss: "Ah? What's the difference? Isn't it just one ... An ordinary female companion? "

"Do you know what privileges my companion has?" He Yi Ning continued to ask.

"..." "I don't know." Shen Qi replied honestly.

He Yi Ning smiled sincerely at this moment.

So it turned out that this foolish woman didn't understand her identity at all.

She would not even use this identity to seek a reward for herself.

She didn't know that as long as she was He Yi Ning's companion, she would have the right to become one of the upper class.

Even if Feng Ke Xin wanted to ban her, it would be impossible!

Because no one dared to ban this tyrant's woman.

As long as He Yi Ning says it openly, this person is mine.

Then, no matter how much others disliked her, they had to give He Yi Ning face!

This was the emperor! This was a tyrant!

"Aren't you afraid of being banned?" "Don't worry, no one will dare to ban you." After He Yi Ning finished this sentence, he couldn't help but smile.

It was the first time that he saw a woman who seemed smart, but was actually stupid, that he was used to saying nice things to others. It was really refreshing to see.

Shen Qi still had an expression that said that she did not understand what was happening.

"Well, you owe me a lot of money anyway. I don't mind hiring another stylist. In the future, you will be my professional stylist, so you don't need to

serve anyone else. A monthly salary of two hundred thousand, how about it?
" He Yi Ning directly stated his price.

Two hundred thousand!

Shen Qi was so shocked by the price that she almost fainted.

He still owed 1.3million yuan. 200,000 yuan would be paid back in half a year!

It just so happened that after paying off his debt, he would save more money and wait for the one year deadline. After the divorce, he would take his brother and go somewhere else!

He would leave H city, leave H province, and live in a place no one else knew.

Thinking about it this way, Shen Qi immediately shook.

Shen Qi looked at He Yi Ning with bright eyes: "Really ... Give me two hundred thousand? "

He Yi Ning looked at Shen Qi with a smile that was not really a smile: "If you perform well, I can still grant you a further debt relief."

Hearing that the debt could be forgiven, Shen Qi's eyes shone even brighter!

"Then, it's a deal!" Although Shen Qi had earned quite a bit of money, but to serve the young masters and young ladies at the top, the products that she prepared were all top-notch, thus the expenses were also huge.

If she could become He Yi Ning's personal stylist ... This expenditure could be saved!

Moreover, 200,000 yuan per month could save up to 1 million yuan in half a year, which was enough for him to start all over again by going to a strange city with his brother!

When he thought about his beautiful life in the future, Shen Qi instantly felt that this meal was not as bitter as it sounded like.

He happily ate the ribs that He Yi Ning brought over.

After finishing his meal, Shen Qi carried the two hundred thousand dollars that He Yi Ning had given him and quickly returned home. First, he took care of Shen Lu as he ate, then quickly found a slightly larger house in the vicinity and paid the fees for Shen Lu's treatment.

Looking at the spacious house, Shen Qi hugged Shen Lu's waist happily and said: "Big Brother, if I earn money in the future, we can live in a bigger and better house. We no longer have to live under someone else's roof. We no longer have to look at someone else's face."

Shen Lu silently stood there, allowing Shen Qi to hug him. He seemed to feel Shen Qi's happiness, as his eyes curved into a curve, and the way he smiled, simply blinded Shen Qi's eyes.

Shen Qi couldn't help but reach out to pinch Shen Lu's cheek, and said: "Big Brother, you're so beautiful, to the point where as a sister, you feel ashamed of yourself."

Hearing his sister's praise, Shen Lu's smile became even more dazzling.

After settling everything down, Shen Qi brought Shen Lu out of the room and slowly made contact with the crowd.

Shen Lu nervously pulled Shen Qi's hand, like a kid who was afraid of ghosts.

He was clearly very resistant to strangers.

However, the Xiao Qi didn't like him to stay at home and be bored. For the sake of the Xiao Qi, he was willing to force himself to come in contact with the outside world.

Shen Qi patiently held Shen Lu's hand. They first stayed in a place with fewer people, and after Shen Lu got used to it, they would go to a place with slightly more people.

Shen Lu's body was stiff as he was being dragged by Shen Qi. As Shen Qi walked, he pointed to the scenery on the street and introduced it to Shen Lu: "Look, isn't this Soup Dumplings' signboard very cute? This is where we bought the steamed buns we ate this morning. The fruit shop next door is the one I frequented. That's where you buy your favorite oranges. "

Shen Lu followed Shen Qi mechanically, but actually, he did not even remember what Shen Qi said.

When Shen Qi pulled Shen Lu home, Shen Lu obviously heaved a sigh of relief. Then, like an ostrich, he shut himself in his room, unwilling to come out no matter what Shen Qi said.

Shen Qi laughed.

She also knew that her brother had done his best to follow her out today.

She had patience!

Shen Qi also didn't really expect to get a good result the first time she went out. She firmly believed that as long as she persevered, Big Brother would definitely recover to the level of a normal person!

When Shen Qi was washing the fruits for Shen Lu to bring in, he realized that Shen Lu was holding her notebook as she studied something.

Shen Qi did not say anything, quietly placed the fruit down, and quietly sat by the side, stretching her neck, and saw the strange scene in front of him.

This is... What is this?

Shen Qi thought that she was pretty good with her own computer. At least she got a Beginner Computer Certificate when she was still in university.

However, when the pile of data in front of him flashed past, Shen Qi really did not know what it was.

"Brother, this is ..." "What?" Shen Qi looked for a long time, but still could not read it, and could not help but to ask.

Shen Lu's ten fingers flew around, typing line after line of orders on the keyboard.

As the commands were sent out one by one, the final scene suddenly changed!

On the computer screen, one monitor after another appeared.

Shen Qi was struck a little dumb, because the surveillance footage looked really familiar ...

Eh? Wasn't this the scene of the building he lived in?

How could big brother ...

At the same time, the building's security room was about to explode!

Why?

It was because their surveillance cameras had been set up!

The entire scene turned black.

The bald head of the security manager instantly started sweating profusely as he trembled and commanded, "Quick, go check the circuit! The hackers had hacked their way in! "

Chapter 40 Chapter could this be his mother?

This isn't a mother, is it?

Seeing the images on the computer screen disappearing one by one, Shen Qi could not help but ask: "Brother, what's wrong?"

"Success." Shen Lu answered simply.

"What success?" Shen Qi was still confused.

Shen Lu pointed to a book on the table.

Shen Qi looked in the direction of the finger and extended her hand to grab the book, casually flipping through it, her eyes instantly stared wide!

"Hacker Basics"?

When had I ever read such a book!?

No, that's not right. This is Zhan Bo's book!

Shen Qi immediately realized what her brother had just done.

This scared Shen Qi so much that she immediately rushed over and snatched the notebook away, shutting down her computer forcefully!

If the building's property knew that his brother had destroyed the security of the entire building, he would definitely be chased away!

Shen Qi immediately lowered her voice and said urgently: "Brother, no, this kind of thing is not possible!"

Shen Lu looked at Shen Qi with grievance: "Xiao Qi ... "So fierce."

Shen Qi hurriedly took a deep breath, and waited for her emotions to calm down before saying, "Brother, if we are discovered, we will be chased away!"

Shen Lu lowered his head and did not speak further.

As Shen Qi watched Shen Lu's long eyelashes flicker, her mind was preoccupied with other things.

Right now, he had promised to become He Yi Ning's stylist, so he would have to travel somewhere in the future.

If he was not at home, who would be watching his brother at home?

If big brother were to create some kind of disaster at home ...

No, he had to find a domestic service, at least to look after his brother when he wasn't at home.

Shen Qi immediately dialed a familiar home management company, looking for a nanny to take care of them when she went to work.

Coincidentally, Shen Qi had just finished making this call, so Mrs. Shen called this home management company.

The home management company's people were quick to talk, and then explained the matter of Shen Qi finding a nanny.

When the Mrs. Shen heard this, Shen Qi actually had the money to hire a nanny?

This was the tempo of having money!

After hanging up, he called Shen Qi.

Shen Qi looked at the familiar number, hesitated a little, but still connected to the phone: "Mom, what is it?"

"What is it? As a mother, I can't even call you? Are you looking down on the Shen family just because you married into the He Family and became a young mistress?" The Mrs. Shen asked in dissatisfaction: "Where are you now?"

Shen Qi held onto her phone and walked out. She absolutely could not let Mrs. Shen know the real residence of her and her brother.

"Alright, I'll be there immediately." After Mrs. Shen said this, he immediately

hung up without waiting for Shen Qi's reply.

Shen Qi sighed, and after returning to her room to settle Shen Lu down, she took a taxi back to the villa.

Not long after she entered, Mrs. Shen brought Shen Yin Yin along with her.

"Tsk tsk tsk, so shabby!" As soon as Shen Yin Yin entered, he raised her nose and said, "He Family's Eldest Young Mistress lives here? It is fortunate that I did not get married! "

Shen Qi calmly stood there, not saying a word.

Mrs. Shen also looked at him critically, and said unhappily: "Why are you so stingy, He Family? I gave you such a villa? Where are the jewels? Where's the money? "

Shen Qi gently closed her eyes and suppressed the anger at the bottom of her heart.

From the moment they entered the room, no one asked about her brother!

Perhaps in their eyes, her brother was already a dead man?

Shen Qi watched as Mrs. Shen and Shen Yin Yin rummaged through her wardrobe once more before forcing down her anger and asking, "Mom, don't you want to ask about Big Brother's situation?"

Mrs. Shen blurted out, "What is there to ask? Didn't you already have the money to hire a nanny for him? "

The bottom of Shen Qi's heart instantly suffused an endless desolation.

She really wanted to ask Mrs. Shen: Am I really your daughter?

Is big brother and I really your biological children?

Why was my brother and I treated like this when we were both children?

But Shen Qi couldn't ask.

In the past, she had asked once before, but Mrs. Shen immediately dropped dead on the ground, and the wailing could be heard loud and clear throughout the street.

In the end, she and her brother knelt in the courtyard and knelt for a full three hours before Mrs. Shen's anger dissipated.

Shen Yin Yin clapped her hands with a non-existent dust, and said disdainfully: "You are still He Family's eldest young mistress, it can't be that He Family doesn't give you a single cent, right? I just so happen to want to buy a set of jewelry, and I'm still missing a million or so, so you should make it up to me. "

A million or so?

Shen Qi was so angry that she was about to laugh.

Mrs. Shen also frowned, she looked at Shen Qi with disdain and said: "You only have that much use. Even though you're already married, don't forget your surname is Shen. As a big sister, you have to help your little sister! The He Family is a big family, the money leaked through the gaps between our fingers is enough for our Shen family to live without worry for the rest of our lives. Your sister actually likes jewelry, so just buy it. "

Shen Qi definitely could not tolerate it this time.

"Mom, you guys are more clear than anyone else about the circumstances under which I married into the He Family. It was only because Yinyin didn't want to marry that I married her. You can clearly see the attitude of the He Family towards this marriage. When we got married, the He Family gave me this villa, but she didn't give me anything else! If you want to buy jewelry, that's fine. You can take this villa away and buy whatever you want after selling it. " Shen Qi directly placed the key on the table.

"What kind of joke is this!?" This villa is not in your name, so it can't be sold at all, okay? " Shen Yin Yin glared: You just don't want to buy it for me right? "Mom!"

Shen Yin Yin turned her head to look at Mrs. Shen: "In the past, Shen Qi's salary was given to you, I don't care, I just want to buy that set of jewelry!"

Mrs. Shen immediately turned her head to look at Shen Qi. "Shen Qi, have you not paid this month's salary?"

Pay?

He had been too stupid to trust her, and that was why he had given her his previous salary!

You still want to ask me for money now?

Don't even think about it!

"I have no money!" Shen Qi replied straightforwardly: "I borrowed all the money I needed to pay Big Brother's treatment fees. Weren't my previous

wages all in Mom's hands? What money do I have? The man has no betrothal gift, and his family has no dowry. That bit of salary of mine isn't even enough to repay the debt! "

"No money?" Shen Yin Yin's expression immediately changed, "That's your problem, I don't care!"

Shen Qi felt that she was truly driven mad, she immediately took out her phone and started dialing: "Alright, since that's the case, I can only call He Family! If He Family knew that the Shen family was forcing He Family's Eldest Young Mistress to borrow money to buy jewelry ... "

Not surprisingly, Mrs. Shen held down Shen Qi's hand.

"Alright, what's the matter?" Mrs. Shen immediately gave Shen Yin Yin a meaningful glance, causing him to unhappily shake her head, and then quickly left.

"Yinyin was just joking with you. You're the big sister, why are you so quiet?" The Mrs. Shen chided: "Why would you tell such a small matter to the He Family? Let's just say it ourselves. "
